Vibration healing is an

Where To Download Healing Vibrations

alternative therapy that involves using a mechanical vibration (administered through specialized equipment) to treat certain health problems or injuries.

Also known as vibrational therapy or vibration training, vibration healing is used in a variety of health-care settings (including physical therapy, massage therapy, rehabilitation, and sports medicine).

your chakras and aura.

This vibration continually attracts other situations, experiences and

people that resonate with these vibrations.

Experience and beliefs make up your perception of reality.

When you hold yourself in guilt or shame, you are actually resonating with the two lowest vibrations in the emotional spectrum.

Sound healing can benefit your brain, emotions, and physical body. Working with the concept of resonance, various instruments utilize different frequencies and can entrain the brain and body to regulate the vibrations inside you. Studies have shown that sound healing can be beneficial to all stress-related
