Introduction to Mineral Exploration (Second Edition)

A light-emitting diode (LED) is a semiconductor light source that emits light when current flows through it. Electrons in the semiconductor recombine with electron holes, releasing energy in the form of photons. The color of the light (corresponding to the energy of the photons) is determined by the energy required for electrons to cross the band gap of the semiconductor.

Light-emitting diode - Wikipedia

The Barbie Basics is a line of collector's edition Barbie dolls. They were created by Mattel designer Bill Greening and were introduced in late 2009 to be officially released in the spring of 2010..
